

15_03 Cable Guiderail Summary Sheet

Question:

Is there a standard Cable Guiderail Summary Sheet anywhere in the NCDOT workspace?

Answer:

An additional combo summary sheet has been created in the NCDOT_English_Sheets.Cel Library.

Sheet cell "Combo 2A" includes the following standard summaries.

- SUMMARY OF EARTHWORK
- SUMMARY OF PAVEMENT REMOVAL
- SUMMARY OF BREAKING EXISTING ASPHALT PAVEMENT
- SUMMARY OF EXISTING CONCRETE PAVEMENT REMOVAL
- SHOULDER BERM GUTTER SUMMARY
- **CABLE GUIDERAIL SUMMARY**
- GUARDRAIL SUMMARY

Currently, Combo 2A is only available in Microstation format. The Excel (.xls) version will be looked at in future.
